Through YouTube, teacher helps kids with maths

EXPRESS NEWS SERVICE @ Coimbatore

A Bharath, a class XII student at a government school in the district was stuck with a Maths problem at home. But he did not fret as he watched his teacher's video and clear his doubts. This helped Bharath score more than 80% in the recent revision test.

Like him, many students studying in the government higher secondary school at Kalapatti have shed their fear of the subject, thanks to their teacher N Tamilselvan.

After regular classes, post-graduate teacher Tamilselvan produces videos explaining Maths concepts interactively in Tamil language.

"When I was not aware of Youtube, I asked suggestion with an alumni student to take video lessons using a camera and mike. As per his suggestion, I have started a Youtube channel and started video shoot for all chapters from Mathematics subject," he said.

"I have been working at this school for a few years now, after

Kalapatti government higher secondary school postgraduate teacher R Tamilselvan teaching Classes X, XI, XII on YouTube | EXPRESS

working at two government schools. During Covid-19, lessons were taken online as physical classes were not safe. I did not know how to simplify the methods within the given time allotted. Then I came to know about

YouTube through alumni and decided to produce videos for the subject so kids can learn from them anytime, anywhere," said Tamilselvan.

"I have uploaded 300 videos on YouTube for Classes X, XI, and

'Not commercial'

"Since the clips were not for commercial purposes, I cannot monetise my YouTube channel, he said. I clarify students' doubts even in the comment section," N Tamilselvan said

XII. Nearly 13,000 people subscribed to my channel and many students my videos helped them understand the subject better," he said.

Since the clips were not for commercial purposes, I cannot monetise my Youtube channel, he said.

"I clarify students' doubts even in the comment section. All the remaining 1,150 videos I prepared with the help of alumni will be uploaded one by one on Youtube by March 25," he said.

Sri S. Vinothkumar, an alumnus of our College of Education, has made significant contributions to the field of teaching methodology. As an Assistant Professor in Biological Science at Kasthuri College of Education, Coimbatore, he has been actively involved in developing and implementing innovative teaching techniques that have greatly benefited present student- teachers of our College.

One of the key contributions made by Sri S. Vinothkumar is the use of technology in the classroom. He has incorporated various digital tools and resources into his teaching, such as interactive presentations, videos, and simulations, which have enhanced student engagement and learning outcomes. He shared their practical knowledge to the present student-teachers.

5. Student Mentoring

From

M. Praveenkumar
Post Graduate Teacher
SRMV Swami Shivanandha Hr. .Sec. School,
Periyanaickenpalyam Post

To

The Principal
Sri Ramakrishna Mission Vidyalaya
College of Education (Autonomous)
Coimbatore

As an alumnus of Sri Ramakrishna Mission Vidyalaya College of Education, I was given the opportunity to mentor a during the internship. The purpose of this letter is to summarize my experience and offer insights into the challenges and opportunities faced by these students.

Mentoring Experience:

During my time mentoring the student-teachers, I was impressed with their enthusiasm towards the teaching profession. They were eager to learn and engage in discussions about various aspects of teaching. One of the challenges I noticed was the need to adapt to new teaching methods and technologies. As an alumnus, I shared with them the latest teaching techniques and emphasized the importance of staying up-to-date with new technologies.

Another challenge was the need for hands-on experience in the classroom. I encouraged them to seek out opportunities for practical experience and reminded them that learning from their mistakes is an important part of the process. Moreover, I also highlighted the importance of effective communication skills, both verbal and written. Good communication is essential for building strong relationships with students and parents, as well as collaborating with colleagues and administrators.

In conclusion, my experience mentoring student-teachers in Sri Ramakrishna Mission Vidyalaya College of Education was fulfilling and rewarding. It was clear that these students had a passion for teaching and a desire to make a positive impact on the lives of their future students. By providing guidance and support, we can help these students overcome the challenges they face and succeed in their chosen profession.

Yours faithfully

(M. Praveen kumar)
