1. Selection and identification of Schools for internship

The institution arranges 16 weeks (80 working days) internship training opportunity for II year B.Ed. student-teachers and 4 weeks (20 working days) for I year student-teachers following University norms. The institution gets the teaching practice approval from Chief Educational Officer (CEO) of concerned district(s). Student-teachers are allowed to undertake internship in Government and Government Aided schools allotted by CEO. The copy of CEOs' school allotment order for internship practice is submitted to concerned school Headmaster prior to the internship by the faculty members and informed about the details of students and activities/ records to be prepared by the student-teachers as per norms. With the guidance of school headmaster and mentor teachers all the student-teachers undertake their teaching practice.

4. Defining Role of Teachers of the Institution

Teachers play a crucial role in all round development of student-teachers. They support the professional development of student-teachers prior to their internship training by performing a wide range of roles. Before sending the student-teachers to internship schools, the pedagogy teachers train the student-teachers in application of micro teaching skills, writing lesson plans and preparation of teaching aids for proper execution in the classroom teaching. They demonstrate different teaching skills to the student-teachers. They guide the student-teachers regarding the selection of topic, writing the instructional objectives, subject matter to be taught, application of teaching strategies, testing entry behaviour, managing the classroom properly, efficient use of teaching aids and assessment strategies etc. They guide the student-teachers to participate in all the school based activities related to their subjects. They visit the internship schools twice during training phase to observe and analyse their teaching performance and provide necessary guidance and support. Based on their performance their teaching competence is assessed. The concerned faculty members who are in-charge of other activities/ record works also provide guidelines to the student-teachers. They also engage in follow-up activities for the development of student-teachers during the time of internship.

5. Streamlining Mode/s of Assessment of Student Performance

Student assessment enables teachers to measure the effectiveness of their teaching by linking student performance to specific learning objectives. As a result, teachers are able to institutionalise effective teaching choices and revise ineffective ones in their pedagogy. In order to make the student-teachers familiarise with a variety of assessment an evaluation procedure, the faculty members of the College of Education orient student-teachers about the classroom assessment techniques. Student-teachers are trained both in online and offline assessment procedures. It helps them to conduct a diagnostic test and achievement tests following the norms of preparing question papers based on cognitive level of Bloom's taxonomy. The achievement test prepared by them are administered and collected scores are analysed using appropriate statistical techniques are recorded in their test and measurement record. Slip tests help the student-teachers to train the students in their subjects and to provide immediate feedback and remedial teaching as well. Teacher educators also assess the student-teachers' performance during their school visit and offer feedback. The assessment of student-teachers' performance is done in the following ways.

- Self-assessment by the student-teachers.
- Assessment of student-teachers' performance by peers.
- Assessment of student-teachers' performance by fellow interns from other teacher education institutions.
- Assessment by Mentor Feedback.
- Performance evaluation by Head of the institution.

6. Exposure to Variety of School Setups

The College of Education offers the most diversified and finest mode of learning to student-teachers by providing them a changed and new school environment every time they go for an internship in government and government aided schools in both rural and urban areas. Student-teachers gain a variety of knowledge, experience and exposure from internship schools by engaging in morning assembly, observation, teaching practice, evaluation procedure, utilisation of laboratory and human resources, various co-curricular activities related to fine arts, sports and literature. They got an opportunity to utilise smart classes in teaching, utilise subject specific laboratories, ATAL Tinkering Lab, engage in entering data in EMIS portal, utilisation of library, organising events etc. They are provided opportunity to observe teaching of peers and fellow interns from other teacher education institutions. They engage in preparation of school related records, registers and evaluation reports etc.
