3	Students' Performance Assessment Report
4	Internal Assessment Mark

1. Progressive Performance of Students

SRI RAMAKRISHNA MISSION VIDYALAYA COLLEGE OF EDUCATION

(An Autonomous College Affiliated to the Tamil Nadu Teachers Education University and

Re-accredited with A++ Grade by NAAC with CGPA 3.82)

Sri Ramakrishna Vidyalaya Post, Coimbatore - 641 020.

Ph: 8012533915 | E-mail: srkvcoen@yahoo.co.in | Website : www.srkvcoe.org

Progressive Performance of Students

The student performance is measured in terms of cognitive, affective and psychomotor domains. An assessment of all the three domains leads to a better understanding of the progress in student performance and the emergence of attributes that are fundamental to the process of teacher preparation. The attainment is monitored through the scores of students in continuous internal assessments, model examinations and other assessment tasks. The development of professional attributes are traced through the learning tasks that are prescribed by the institution in association with Programme Outcomes (POs) and Course Outcomes (COs). Apart from the regular internal assessment, the College of Education conducts Students' Performance Assessment, a special strategy to measure how well students learned, apply their knowledge, skills and abilities that fulfil the Learning Objectives (LOs). It involves applying and showing skills and knowledge through various performance tasks that improve the students learning experience. The assessment is conducted once in each semester for both I year and II year student-teachers.

College of Education (Autonomous)
Coimbatore-641 020.

2. Programme Outcomes of B.Ed. and M.Ed. Programme

Sri Ramakrishna Mission Vidyalaya College of Education
(Autonomous)
Coimbatore – 641020

Programme Outcomes of B.Ed., Programme

On the successful completion of the programme, the student teachers will be able to

PO1	Professional Development: professionally equip with teaching skills and competencies for changing needs and global concerns.
PO2	Technical Expertise: develop scientific temperament, technical knowledge and blended learning approaches in tune with globalization and international competitiveness.
PO3	The Teacher and Society: review the contemporary issues in education and society in general, and the development of our nation in particular.
PO4	Contextual Knowledge: gain deeper understanding of contextual knowledge and apply them in Teaching-Learning situations.
PO5	Diverse Needs of Students: adopt and apply various teaching strategies to handle students with diverse needs and be meticulous in creating adequate support to them.
PO6	Ethics: emerge as responsible citizens and accountable teachers with clear conviction to practice spiritual, moral and social values and inculcate them to learners.
PO7	Well-being: promote physical, mental and emotional well-being of self and thereby disseminate the same to their learners.
PO8	National Integrity: organise events of educational and national importance accommodating different stakeholders of education.
PO9	21st Century Skills: enhance their 21 st century skills and apply those skills for entrepreneurship and employability.
PO10	Life-long Learning: recognize the need for, and have the preparation and ability to engage in independent, self-directed and life-long learning.

B2 P2 62 - PEDAGOGY OF PHYSICAL SCIENCE - PAPER-II**Course Outcomes (COs)**

On the successful completion of the courses, student teachers will be able to

CO1	select suitable methods for teaching various topics in Physical Science.
CO2	explain the different types of test items used in Achievement test and Diagnostic test in Physical Science.
CO3	explain the steps and principles in curriculum development and approaches to curriculum organization
CO4	describe the uses of various teaching aids in teaching different units of Physical Science
CO5	analyse the role of Science reader and evaluate the Science content in VI to VII standard science text books of Tamil Nadu Textbook corporation.

B2 EPC 3 : HEALTH, PHYSICAL EDUCATION AND YOGA

Course Outcomes (COs)

On the successful completion of the course, student teachers will be able to

CO1	gain knowledge in the aspect of Health and Balanced Diet.
CO2	understand the various aspects of Physical Education and Adapted Physical Education.
CO3	enumerate the fitness components and explain the fitness assessment test.
CO4	understand the basic concepts of Yoga.
CO5	grasp the concepts of Asanas and Pranayama and Yogic diet.

B4 EL PE - PHYSICAL EDUCATION

Course Outcomes (COs)

On the successful completion of the course, student teachers will be able to

CO1	gain the basic knowledge on communicable diseases
CO2	master in fundamental skills of select major games and organise the tournaments.
CO3	explain the test to assess the fitness components, gain the knowledge about various National Sports Organizations and National Level Sports Awards.
CO4	explain the yogic therapy for various Health problems.
CO5	explain the yogic therapy for various diseases.

B4 EL ET - E-LEARNING TECHNOLOGY

Course Outcomes (COs)

On the successful completion of the course, student teachers will be able to

CO1	understand evolution of e-learning technology ,Models of E-learning and apply Open Educational Resources
CO2	categorize Web 2.0 tools and Social Media and appraise them at Secondary Education
CO3	analyse Various Learning Management System and Content Management System and to compare different Content management systems
CO4	examine MOODLE and to develop courseware by Using MOODLE
CO5	understand about the MOOC and to sketch future of e-learning technology.

Programme Outcomes of M.Ed., Programme

On the successful completion of the programme, the Prospective Teacher Educators will be able to

PO1	apply theories, principles and ideas of cognate disciplines like Philosophy, Sociology, Psychology and Technology in their teaching profession, and advances the capacities in teaching, research and extension work in the field of Education in general and Teacher Education in particular.
PO2	familiarize with the process of curriculum development and evaluation, and able to design, develop and integrate innovative methods, approaches, processes and practices in teaching learning process considering recent trends in Education.
PO3	acquire the strong foundation of research knowledge and skills to design and execute qualitative and quantitative research in the field of Education by exploring instructional and professional topics relevant to Education at different levels.
PO4	examine and apply different principles of Teacher Education, Educational Management and Administration and their effectiveness in management of School Education and Higher Education System.
PO5	critically examine and analyse current trends and issues in Teacher Education and apply their knowledge by demonstrating teacher leader competencies within the profession.
PO6	adapt and integrate contemporary ICT enabled Education Techniques and developing the educational technology tools used in curriculum transaction.
PO7	instill professional skills, administrative and managerial skills to work as master trainers in Teacher Education Colleges and Schools in one hand, and equip their Professional Competencies to qualify in competitive examinations on the other hand.
PO8	address the needs of diverse learners by enhancing curriculum, instruction and assessment strategies appropriate for students' cultural backgrounds and different learning needs with an eye on the policies and programmes of Inclusive Education.
PO9	exhibit the professional dispositions of effective teachers by engaging in research-based practice, reflective teaching practice, professional growth and development, and employing effective communication strategies with stakeholders.
PO10	develop social, emotional, spiritual and professional values that pave the way for nurturing an egalitarian society blended with tradition and modernity.
PO11	work professionally as teacher educators in all educational settings with lifelong learning adhering to ethical standards of teaching.

M1 CC 01- PHILOSOPHICAL AND SOCIOLOGICAL FOUNDATIONS OF EDUCATION

Course Outcomes (COs)

On the successful completion of the course, the prospective teacher educators will be able to

CO1	explicate the need, nature and function of philosophy of education in the Curriculum of Indian Education.
CO2	examine the educational thoughts and implications from Indian and Western perspectives, and establish the relevance of philosophical theories in modern Education.
CO3	examine the contemporary educational thoughts and values drawn from different disciplines cognate to Education.
CO4	analyze education from different sociological perspectives and theoretical frameworks, and review the seminal works in the Sociology of Education.
CO5	recognize and explain social agencies and their contributions to socialization.

M1 CC 02 - ADVANCED EDUCATIONAL PSYCHOLOGY

Course Outcomes (Cos)

On the successful completion of the course, the prospective teacher educators will be able to

CO1	remember Educational behaviour. Evaluate the learning capabilities and competencies of the learners and apply blended teaching-learning strategies to enhance the quality as well as quantity of learning.
CO2	apply the key elements of motivation, achievement motivation and develop learner involvement, learner recognition programmes to promote growth needs among learners.
CO3	remember the factors that influence individual differences. Analyse factors of Intelligence, Creativity, Multiple intelligences and Emotional intelligences and apply it in the process of learn to teach.
CO4	examine and apply different theories of personality, and assessment methods to promote integrated personality among trainees.
CO5	remember several psychological tests (Paper/pencil, Performance, and e-test) and analyse challenges involved in administering it to individuals and group. Further identify priority areas of research in Educational Psychology.

M1 CC 03 - INTRODUCTION TO RESEARCH METHODOLOGY

Course Outcomes (COs)

On the successful completion of the course, the prospective teacher educators will be able to

CO1	discuss research, its types, functions and the qualities of a research scholar and supervisor.
CO2	compare the different methodologies adopted in research.
CO3	discuss and apply with the various components needed to do research.
CO4	recommend the procedures followed in construction of tools and use them for data collection.
CO5	apply appropriate tools and techniques for data collection.

3. Students' Performance Assessment Report

Sri Ramakrishna Mission Vidyalaya College of Education
(Autonomous)
Coimbatore - 641 020

Students' Performance Assessment Report

Introduction

Assessment is the systematic collection, review and use of information about educational programmes to improve students' learning. It focuses on what students know, what they are able to do, and what values they have learned. It is concerned with the collective impact of a programme on student learning. Assessment of students' performance is one of the elements in the teaching-learning environment and central to higher education institution's mission of preparing students for the future. The college of education has initiated to assess the students' performance based on the academic activities, library usage, extension services, responsibilities in various events, involvement in studying self-study courses and participation in seminars in every semester. The first Students' Performance Assessment in the academic year 2022-2023 was conducted on 23.01.2023 for the first year B.Ed. (Semester-I) students. All the students-teachers made presentation based on the assessment rubrics. The Secretary Maharaj of our college, Principal and all the Faculty Members assessed students' performance and assigned scores/ grades to all the students. Also, they have given suggestions and recommendations for further improvement.

Objectives

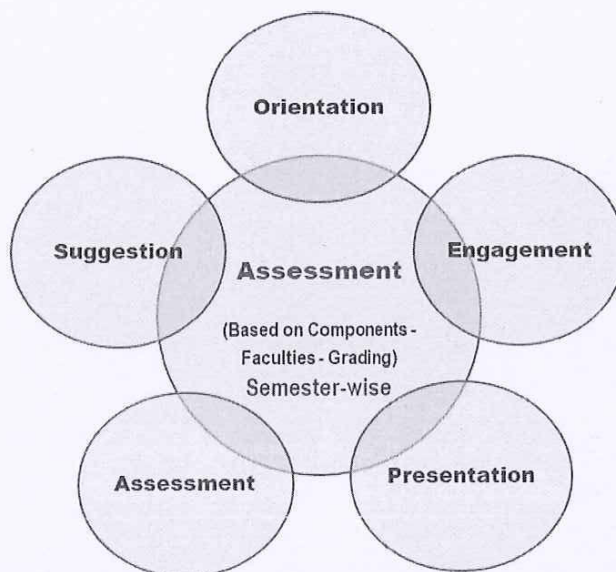

The objectives of the Students' Performance Assessment are as follows.

- To assess cognitive, affective and psychomotor behaviours
- To enhance skills in multidisciplinary fields
- To improve students learning experiences
- To encourage self-improvement in teaching skills
- To make students realise their strengths and weaknesses
- To identify how well students achieve the curricular expectation
- To promote students' ability to assess their own learning and set specific goals
- To identify the effectiveness of the programme

Steps Involved in the Assessment Process

Criteria for Assessment

I. Academic Activities

1	Attendance
2.	Micro Teaching Practice
3	e-Content Preparation
4	Seminar Presentation
5	Assignment
6	Examination (CIA and Model)

II. Library Usage

1	Utilisation of Text-books
2.	Use of Reference Books
3	Utilisation of N-List
4	Reading Daily News Papers
5	Note Taking

III. Extension / Community Services

1	Handling Tuition Classes
2.	Swachh Bharat / Vidyalaya
3	Active Participation in Forum
4	Other Relevant Societal Activities

IV. Other Responsibilities / Performance

1	Knowledge Sharing
2	Punctuality
3	Communication Skill
4	Interpersonal Skill
5	Pedagogy-Library-Study
6	Team Work
7	Peer Tutoring
8	Prayer Activities
9	Value Formation
10	Participation in Competitions
11	Participation in Cultural Programmes
12	Organising National Important Events
13	Participation in Sports and Games
14	Performance being Event Coordinator
15	Preparation of Study Materials
16	Art from Waste
17	Overall Personality Development

V. Self study Course: Online / Offline Course

VI. Participation / Paper Presentation in Seminars

 College of Education (Autonomous)
 Coimbatore-641 020.

Results

1. 69% of student-teachers scored 20 and above marks out of 27 in the academic activities.
2. 94% of student-teachers scored 12 and above marks out of 15 in the usage of library.
3. 75% of student-teachers scored 10 and above marks out of 12 in the participation of extension activities.
4. 81% of student-teachers scored 41 and above marks out of 54 in the other responsible activities or performance in events.
5. Cent percent of student-teachers scored full marks in the self-study course and seminar participations.
6. 94% of student-teachers scored 120 and above marks out of 150 in overall performance.
7. Comparing with arts and science group student-teachers, science group student-teachers are better than the arts group student-teachers in their academic activities.

Outcome of the Assessment

- Improved digital competency
- Developed interpersonal skill
- Improved library utilisation
- Enhanced self-directed learning
- Confidence in academic and career preparation
- Increased responsibilities and readiness in engaging community services
- Active participation in competitions in other institutions
- Developed leadership qualities
- Developed positive attitude towards teaching profession
- Opportunity for institution to align curriculum, instruction, and assessment
- Opportunity for teachers to reflect on and improve their instructional practice
- More positive teacher relationships with students
