ACTIVITIES PLANNED FOR THE FUTURE

- Increasing the number of alumni members through online registration is an important step for any alumni association. With the help of digital tools, it becomes easier to reach out to alumni who are scattered across the globe. Alumni associations can create a database of alumni members by using various social media platforms, websites, and email marketing campaigns.

Principal
Sri Ramakrishna Mission Vidyalaya
College of Education (Autonomous)
Coimbatore-641 020.

- Once the alumni association has built a strong membership base, it can plan regular get-togethers. These events can be held online or in-person, depending on the current situation. The aim is to provide a platform where alumni members can connect with each other, exchange ideas and experiences, and strengthen their bond.
- One of the primary goals of an alumni association is to honour and celebrate alumni's adventures and achievements in the field of education. This can be done by featuring alumni success stories on the association's website, social media pages, and newsletters. The association can also organize events and award ceremonies to recognize and appreciate the accomplishments of its members.
- Another important function of an alumni association is to provide its members with a support network. This can include mentorship programs, career counseling, and job placement assistance. The association can also create an online platform where alumni members can interact with each other, exchange information and ideas, and seek advice from their peers.
