List of Participants (Teaching Faculty)

Date - 28.02.2023

Impact of the initiative

School and Higher education institutions could benefit from such an initiative as a diagnosis to design specific teaching and learning strategies and target students' proficiency and particular needs. The learning resources can be a vital source of academic materials in digital format. The initiative can be adopted by different stakeholders to assess students/future job seekers' digital competence.

Towards Digital Proficiency Committee

Members
