Maintenance of Cleanliness, Sanitation, Green Cover and Pollution Free Healthy Environment

The college has an impressive green campus and gives top priority to keep the campus clean and eco-friendly that allows students and teachers to be proud of their college, which makes them less likely to litter and, as a result, more likely to make an effort to protect their environment.

The college takes necessary efforts to maintain its cleanliness, sanitation, green cover and pollution free healthy environment. The institution has a tie-up with Spick & Span, an agency to take care of the cleanliness of the campus in addition to the regular maintenance staff appointed by the Vidyalaya. They ensure that cleanliness and sanitation are neatly maintained in all the rooms, washrooms and the campus.

Efforts of the institution for maintenance of cleanliness, sanitation, green cover and pollution free healthy environment.

1. Classrooms and administrative rooms are cleaned regularly.
2. Dust bins are available at appropriate places.
3. Enough number of wash basins are available.
4. Separate washrooms are provided for men, women, faculties and physically challenged.
5. Automatic hand sanitizer machine was placed during the time of COVID-19.
6. Access to safe water is available in the institution.
7. Student teachers are sensitized to maintain the cleanliness of their respective classrooms.
8. Student teachers are advised to follow healthy food habits and reduce food waste.
9. The institution strictly avoids the use of plastics and has imposed a total ban on single use plastics within the campus.

College of Education (Autonomous)
Coimbatore-641 020.

10. Student teachers are also taught to maintain a plastic, litter and substance abuse free campus.
11. All student teachers are actively involved in "Swatch Bharat Mission", and "Swatch Vidyalaya Movement" and clean the college campus, Vidyalaya Campus and neighborhood villages.
12. College provides a course on Yoga & Health Education, and Environmental Education as Electives to make the students understand the importance of safety, sanitation, hygiene, pollution-free environment.
13. Special lecture programmes are organized to create awareness on environmental protection, health, and hygiene.
14. Activities such as group gardening, planting saplings and watering the plants are undertaken by the student teachers.
15. Student teachers are motivated to use the public transport system and bicycle to avoid pollution in and outside of the campus.
16. Student teachers are encouraged to avoid the usage of plastic covers while submitting their academic project work, assignments, records, and thermocol for preparing teaching aids.
17. Leaf litters are used for natural manure and vermicompost and are not set on fire to avoid air pollution.
18. The alternative energy sources like solar power, bio-gas are implemented to meet a part of the needed energy.
19. The institution also minimizes the usage of air conditioners wherever possible and maximizes the planting of trees thereby creating a pollution free environment.
20. Wastewater is treated and used for watering plants.

Through these efforts and regular follow-up, the cleanliness, sanitation, green cover, and pollution free healthy environment of the overall campus is ensured.
